Stirling is now well supplied in this line.

Wellman's lawn social on the evening of Aug. 22 was one of the most successful ever held there. The evening was fine, and the attendance large. The proceeds amounted to about 3475.

The Public School was not reopened on Tuesday. The teachers were there and also the pupils, or at least many of them, but the class rooms were not ready. The installation of the new heating and ventilating apparatus is not completed, and the opening of school was postponed for a week, or perhaps longer.

Mrs. Arthur Reid and Mrs. Ward McInroy then presented two humorous games and a contest, making a very enjoyable after-

minutes of the June meeting and the correspondence were read by Mrs, Barlow.

Plans were discussed regarding the forthcoming tes, being held as a celebration of the 75th Anniversary of the Federated Women's Institute of Ontario, The roll call, "What Can I Do to Help My Neighbor?" brought several interesting thoughts, Happy birthday was sung to Mrs, Orrie Barto. The Fennies for Friendship were collected, The convenors for the Public Relations meeting, Mrs, Arthur Reld and Mrs, Ward McInroy, then presented the program. Mrs, Cyril McKeown read a poem giving the highlights of school vacation, Mrs, Ward McInroy conducted a Geography game, The prize was won by Mrs, Myrtle Cassidy, Mrs, Lorne McInroy read an article titled 'Publicity.' The reading was an eshortation to institute members on how to promote better public relations.

A medium sized sea duck, which nests chiefly along the east and west coasts, on inland ponds and some marshes in northern Canada, Alaska and Canadian Arctic islands. In winter it is found along both coasts, rare inland except on the Great Lakes. The male is a striking brown and white duck with distinct summer and winter plumages. Noisy and gregarious, they raft offshore in large flocks and feed on crustaceans, mollusks and other marine life.

about 11 cents a mile, and for those sub-compacts, the cost drops to less than 10 cents per mile.

That is if you're "average."
The figures come from a recent U.S. Department of Transportation study, listing costs over a 10-year, 100,000 mile perod. For the sedan include \$2.787 for gaso-line, \$2,147 for maintenance, \$1,350 for insurance, \$1,350 for parking and tolls and \$1,319 for taxes.

Somehow the study forgot about tires, a major item over 100,000 miles of driving. It also comes up a little short on mileage estimates, allowing for only 10,000 miles per year.

You can pay less for your driving in a number of ways. One way is to follow the owner's manual and warranty advice. That sounds simple, but most people don't study these important documents, especially as relating to the suggested periodic maintenance.

care, it has a 54 bed capacity, and is equipped with modern facilities.

It is an established fact that the country is still in need of thousands of beds for patients, But this condition is being alleviated to a great extent by such establishments as the GREEN ACRES NURSING HOME.

Here one can place a member of his family in their care with the assurance and knowledge that they are receiving the best of care and attention. The management have surrounded themselves with a staff including registered nurses and nurses's assistants, who provide 24-hour supervision, thereby providing ample care and consideration for their patients. It has been their objective to minister to their patients the care, diet and hospitalization that they could not get at home and thereby, assuring both the individual, as well as the family of the knowledge that everything possible is being done for the comfort of the patient.

Situated at R.R. 2. TRENTON, bits nursing home has special diets and are recognized for the excellent food and courteous attention and kind care. We are pleased to refer this establishment to all our readers.

What now?

The announcement last week about the demise of the Stirling tumber of Commerce apparently came as little surprise to one as there had not been one comment, good or bad, about situation. If this is a true reflection of the interest of the luterest of all business community in promoting the village, then the islon taken must surely be the right one.

are winter carnivals.

In addition to promoting the community, such groups provide meeting place for all segments of the business community, here any mutual problems can be discussed, While there are the sections for problems can be discussed, While there are the sections for a string should have a mutual development of the section of Strings should have a mutual development implies with lower prices in nearly centres, and must utilize service aspect especially. While each business advertises our specialty, a united campaign on local advantages generally something that needs to be kept before the shopping public, but what will evolve, if anything, from the committee nort, it is too early to tell. Perhaps there are some business, and home you manner. The place has things to offer, but unless pile know about them, they won't come, What helps one inness, indirectly helps all.

welcome the one who sent me."
If the disciple is identified with
Christ, when what is done for the
disciple is done for the Lord, To
receive a disciple would be receiving Christ, and to minister to.
a disciple would be a minister to.
A wouldn't you like to do a service for our Lord' wouldn't you
like to gain that eternal reward.
We are prone to forget the preclous significance of the seemingly small ministeries of lifethe cup of cold water offered in
the name of a disciple; the varm
friendship expressed by the simple gestures of a helping hand,
We are all too prone to define
life only in terms of 'gigantic,'

'colossal' and 'supersonic,'
The pattern of God's life differs so much from ours, The quiet imilistries of Heaven are hardly noticed, yet they are fail.

'Carly to the teenage delegate of the cause of much excitement and the topic of conversation,
But the sunshine of a summer day, full offod's blessing, passes without remark; the golden sunsinks to its couch in the west without remark; the golden sunsinks to its couch in the west without remark; the golden sunsinks to its couch in the west without so much as an adieu from a tanakiess world. Yet we are blessed by the gentle sunshine more than by the startling meteor, it is the same way in God's spiritual world: the simple ministries of God's humble servants are the very heart and soul of the life of Christ.

Be a humble servant of the Lord, Your simple ministries,

They challenged the university for providing throwaway plastic cups and adding to waste.

On this one, they tried to work out an answer on their own, A note on the informal bulletin board urged students to bring the glasses from their rooms instead of using the throwaway cups.

The next coffee break, they found glasses were too hot to hold. And the students who used paper napkins to protect their hands were reminded that napkins can be a garbage problem too.

One resolution concluded: "We affirm the need for drastic change toward a societal rather than an individual way of life."

Wednesday the strike against Ontario Hydro by its 12,000 member union moved into its 14th week with no end of the dispute in sight.

H. J. Cox, manager of Hydro's Frankford area, said "Progress toward a settlement was made last week when Hydro presented 80 non-major items to the Union during a joint bargaining session under the direction of the provincial mediator. The Union accepted the tierestin of the provincial mediator. The Union with the stalemate, Hydro modified its position on 16 items, while gaining one. The other 63 items are unchanged from the last contract which expired on March 31," said Mr. Cox.

The 30 items still outstanding include wages, job security and shift scheduling, which are identified as being key elements in a settlement of the summer-long dispute.

"Later in the week; William Dickies, Assistant Deputy Min-

TODAY'S CHILD

Even the loss of two front teeth hasn't spoiled Martin's good looks. Unlike some children who hate to let the gap show. Martin seems proud of it as his wide smile suggests. Maybe he realizes losing teeth is a sign of growing up. Martin is six, an appealing child of English, Scottish, Irlsh and French-Canadian descent. He is slightly built with wide-set blue eyes, light brown hair and fair skin. Ills only health problem is

an allergy to penicillib.

TOOTH DECAY CURED?

TOOTH DECAY CURED?

Dental scientists are optimise that complete control of tooth eeay can be a reality within 10.

Dyears, One study recently reported involves the use of an anyme called dextranese to comol decay. The experiment has to be conducted with humans, This enzyme apparently attacks a bacterial product associated with decay. This product is alled dextran and is involved in the forming of tartar. Tartar ticks to the teeth, irritating are gums and providing a nest or bacteria which produce the cids that attack the teeth. Scientists believe that the engume can destroy dextran, causing tartar to break down and ause fewer cavities and gun issease.

Great Lakes and pollution control, y staff writer E, H, Haus. University of the articles, on the history of the articles, on the history of the Commission, now part of the Ministry of the Environment, impressed me so much I asked Mr, Hausmann if I could pass It on to you, Here it is in his words:

"If Canada is far ahead of the U.S, in cleaning up the Great Lakes, most credit belongs to the Onlario Water Resources Commission (OWRC), now absorbed into the province's ministry of the Environment,

The greatest single advantage OWRC had was that it was created very early. during the dark ages of poliution and water control, back in 1956. By the time that water management and quality became a popular issue in the world 10 years later, OWRC had valued work, The article of the gamut of water quality management; drinking water, farming, municipal sewage, industry, flood control and use of recreation lands,

By 1956, when the OWRC began, increase in population and water provided the gamut of water quality management; drinking water, farming, municipal sewage, industry, flood control and use of recreation lands,

By 1956, when the OWRC began, increase in population and industry combined with higher living standards had resulted in an ominous formula: Every time population doubled, the province's water de mand tripled, Sewage plants designed for villages suddenly had to serve cities, and water mains designed to serve thousands.

In loving memory of a dear nusband and father who passed away September 28, 1970. Remembrance is a golden chain, Death tries to break but all in

is the greatest sortium on the art,
The years may wipe out many things,
But this they wipe out never,
In memory of those happy days,
When we were all to-gether,
Always remembered by with
Alice, daughters Linda, Debbie
and Brenda and son - in - law 80h,

OOSTING, In loving memory of a dear father, Felke Oosting, who passed away Sept, 24, 1969.
We do not need a special day To bring you to our mind, For the days we do not think of

you
you
Are very hard to find,
If all this world were ours to give
If all this world were ours to give
Word give it, yes and more,
To see the face of Father dear
Come smiling through the door,
Always remembered by Bettie,
Jan and Roelie,
